

CMRITO

Regulator of medical radiation and
imaging technologists in Ontario

Council Highlights – August 4, 2023

Below is a summary of key decisions taken by Council at its special meeting for the emergency class of registration regulation meeting held on August 4, 2023.

Emergency Class of Registration Regulation Consultation

Council discussed the advice from the Ministry of Health regarding the proposed emergency class of registration, it was supported by CMRITO General Counsel and Independent External Legal Counsel, WeirFoulds LLP.

Council approved the revised Proposed Regulation that streamlines the process for emergency class registrants seeking to apply for a specialty certificate of registration by exempting those applicants from the application and evaluation fees.

Council directed the Registrar request the Minister of Health to exempt the Revised Regulation from the 60 day circulation period.

Next Council meeting

The next Council meeting is scheduled for Friday, September 15 2023, by webinar.
