Policy

Each registrant of the College is required to participate in at least twenty-five (25) hours of continuing education or professional development activities each year as part of the Quality Assurance (QA) Program in order to maintain the knowledge, skills and judgment required to practise the profession in accordance with the Standards of Practice and Code of Ethics set by the College.

The QA Committee may accept partial hours to fulfill this requirement if a registrant holds a certificate of registration for less than an entire QA year.¹

¹ The QA year runs from January 1 to December 31.
