

Emergency certificate of registration – approved jurisdictions

Policy 12.2

Section:	State of Emergency		
Approved By:	Council	Public:	Yes
Approved Date:	December 8, 2023	Review Schedule:	Every 3 Years
Effective Date:	December 8, 2023	Last Reviewed:	
Amended Date(s):		Next Review Date:	September 2026

Purpose

The purpose of this Policy is to identify those jurisdictions that are approved by Council pursuant to the Registration Regulation for an emergency certificate of registration.

Application

This Policy applies only to applicants for an emergency certificate of registration and only when the class is open.

Policy

Council directs that the Registration Committee develop and maintain a list of jurisdictions, and that the list be reviewed and updated at least annually. The list will be based on information and data reviewed by the Registration Committee and obtained from other medical radiation and imaging technology regulators.

If and when the class is opened, the current list of jurisdictions maintained by the Registration Committee constitutes those jurisdictions approved by Council for an emergency certificate of registration. The list shall be appended as a Schedule to this Policy at that time. In the event the list is updated while the class is open, the Schedule will be updated accordingly.
